It can be a challenge to effectively manage your companies travel expenditure both in terms of time and resources; especially if you operate different account instructions requiring scrutinising each month.

Here at The Independents Hotel Reservations we have been providing our Billback and management information reporting for over 20 years.

Our bespoke booking systems have evolved in order to help us analyse your spend.

Furthermore, our team will scrutinise all invoices received to ensure that your exact account instructions have been carried out. We handle all aspects to ensure that your account runs smoothly.

Our invoices can be produced to suit your requirements. Our flexible approach means that you can attribute a purchase order number or a cost centre to a booking.
